

Laminate flooring is more beautiful than ever.
We say pretty is as pretty does.

Is the laminate flooring your selling just another pretty face? At the North American Laminate Flooring Association, we expect stunning floors to perform just as beautifully as they look. NALFA goes beyond the surface and guarantees that the laminate bearing our seal of approval meets some pretty high performance standards. We make it easy for you to let consumers know which floors pass the test. That's the beauty of the NALFA seal. It's good for you, your customers and your bottom line. **Visit us at www.nalfa.com and let us help you seal the deal.**

**Setting the Standards for
Laminate Flooring.**
